Welcome to our School

BCM International School (BCMIS) was founded in 2021 at Pingla, Paschim Medinipur district. Our modern & spacious campus provides a stimulating learning environment for students aged 3 to 18. The school follows CBSE Curriculum. Families who join the school become part of the 'BCMIS Community' where everyone knows each other. At BCMIS, every child is special, and we aim to provide every student with the support they need to:

- Be healthy
- Stay safe
- Enjoy, discover and achieve through learning
- Make a positive contribution to society

At BCMIS, our students are provided with a standard of education which will enable them to meet the challenges of the 21st century.

Our educational philosophy..

We believe that each child is unique, who needs a secure, caring, and stimulating atmosphere in which to grow and mature emotionally, intellectually, physically, socially, and develop their self-esteem and core values. It is our desire as educators to help students meet their fullest potential in these areas by providing an environment that is safe, supports risk-taking, and invites a sharing of ideas. There are three elements that we believe are conducive to establishing such an environment, such as

- (1) the educator acting as a guide,
- (2) allowing the child's natural curiosity to direct his/her learning, and
- (3) promoting respect for all things and all people.

The CBSE Curriculum provides the child with a structured, supportive and balanced platform on which to develop their learning and the skills essential for life. It harnesses the child's natural curiosity and this search for knowledge is met as they learn to find answers to their questions. This curriculum provides students with access to hands-on activities and allows adequate time and space to use materials that reinforce the lesson being studied creating an opportunity for individual discovery and construction of knowledge to occur. Helping students to develop a deep love and respect for themselves, others, and their environment occurs through an open sharing of ideas and a judicious approach to discipline. When the voice of each student is heard, an environment evolves where students feel free to express themselves. We believe children have greater respect for their teachers, their peers, and the lessons presented when they feel safe and sure of what is expected of them.

Message from the Principal

Dear Parents and Aspiring Students,

"It's your attitude, not your aptitude that will determine your altitude"- Zig Ziglar

It is with great pleasure that I welcome you to BCMIS, a premier institution dedicated to fostering young minds. Our school is committed to providing a holistic education that nurtures academic excellence, character development, and a lifelong love of learning.

We believe in creating a stimulating learning environment where students are encouraged to explore their passions and reach their full potential. Our experienced and dedicated faculty members are committed to providing quality education, inspiring critical thinking, and fostering creativity.

We offer a diverse range of academic programs, including Science, Commerce, Humanities that are designed to equip students with the knowledge and skills needed to succeed in higher education and beyond.

In addition to academics, we prioritize co-curricular activities such as sports, music, art, and cultural events. These activities not only enhance students' physical and mental well-being but also develop essential life skills like teamwork, leadership, and time management. Real education is emotional as well as an intellectual experience of the students.

We invite you to explore our campus, meet our faculty, and learn more about the unique opportunities we offer. We are confident that BCMIS is the right choice for your child's future. Let us dream together, let it be the beginning of a reality.

Sincerely,
Avijit Jana,
Principal
BCM International School

Our Curriculum

The Central Board of Secondary Education (CBSE) is one of the most prominent educational boards in India, overseeing the education of millions of students across the country and in various other nations. It is a national-level board that sets the standards for secondary education in India.

Key Features of the CBSE System:

- **Standardized Curriculum:** CBSE follows a uniform curriculum across all affiliated schools, ensuring consistency in the quality of education.
- **NCERT Textbooks:** The National Council of Educational Research and Training (NCERT) provides textbooks for CBSE schools, which are widely recognized for their quality and content.
- **Board Examinations:** CBSE conducts annual board examinations for classes 10th and 12th, which are crucial for students' academic progression.
- **Emphasis on Holistic Development:** The CBSE curriculum focuses not only on academic excellence but also on the overall development of students, including co-curricular activities and character building.

Early Years..

Our Pre-Primary department provides a strong foundation for your child's educational journey. Our experienced teachers implement a carefully designed curriculum to prepare young learners for the primary school challenges. The Early Years Foundation program focuses on key areas of development, including:

Sports and Co-curricular Activities

The school encourages students to participate in co-curricular activities, providing opportunities to explore their talents and interests. We strive to create an inclusive environment where even the shyest students feel comfortable participating in inter-house and inter-school competitions, a vital part of school life.

Sports facilities

"It's not the will to win, but the will to prepare to win that matters."
- Bear Bryant

BCMIS is committed to a holistic approach to education, where sports and games play a vital role. We believe that physical activity complements academic learning by promoting mental and physical well-being, and developing crucial life skills such as teamwork, discipline, and resilience.

Football
Basketball
Volleyball
Badminton
Cricket
Yoga

Indoor games, chess, carrom, Table Tennis and other board games for leisure develop an active and sharp mind.

Art and craft

Art and Design are an essential part of our holistic approach to education. A dedicated art block, coupled with expert faculty and visiting artists, provides students with a stimulating environment to explore their creativity. Through a variety of art forms, students develop critical thinking, problem-solving, and aesthetic appreciation skills.

Music

BCMIS fosters musical talent through dedicated music rooms and expert faculty. Students have the opportunity to learn a variety of instruments, from classical to modern, and receive training from experienced musicians. Our goal is to cultivate a love for music and help students develop their musical abilities.
